

CSS-R-2022-11-001, *Resolution concerning publication of Cross Support Transfer Services – Tracking Data Service, Blue 2*

The CSS Area,

CONSIDERING that update of the Cross Support Transfer Services – Tracking Data Service, CCSDS 922.1, is a chartered project of the CSSM WG;

and RECOGNIZING that the update is for a Blue-2 version of 922.2 consistent with the already published Blue 2 version of the Cross Support Transfer Service – Specification Framework CCSDS 921.1-B-2;

and NOTING that the updated recommendation has completed agency reviews;

and NOTING that the resulting editorial RIDs filed during the agency reviews have all been addressed;

RESOLVES that the CCSDS Secretariat initiate polling to release the recommendation as the Blue 2 version, i.e., as CCSDS 922.2-B-2.
