Add a section 4.2.2.1.9 to identify requirements for the ROCF (ref. [44]).

CATEGORY OF REQUESTED CHANGE:
Technical Fact ___ Recommended x Editorial ___

NOTES:

TECHNICAL FACT: Major technical change of sufficient magnitude as to render the Recommendation inaccurate and unacceptable if not corrected. (Supporting analysis/rationale is essential.)

RECOMMENDED: Change of a nature that would, if incorporated, produce a marked improvement in document quality and acceptance.

EDITORIAL: Typographical or other factual error needing correction. (This type of change will be made without feedback to submitter.)

SUPPORTING ANALYSIS:

ROCF is an independent service, different from RCF (ref. [32]) and it is required by most of the CNES missions and is provided by multiple ground stations from various partners.

DISPOSITION: Accept. Add sec on R-OCF and show it as a "may". There are other means to acquire OCF from the ESLT.

Check ESLT for R-OCF as well. See CNES JMS 08
