DOCUMENT NUMBER: CCSDS 901.1-R-1 Red Book, Issue 1
DOCUMENT NAME: SCCS Architecture Requirements Document
DATE ISSUED: October 2014
PAGE NUMBER: 1-2 PARAGRAPH NUMBER: 1.2
RID SHORT TITLE: Scope not limited to x-support between Agencies

DESCRIPTION OF REQUESTED CHANGE: (Use From: "..." To "..." format)

Replace the term "agency / agencies" with "organization / organizations"
(or equivalent) in the whole paragraph.

CATEGORY OF REQUESTED CHANGE:
Technical Fact ___ Recommended x Editorial ___

NOTES:

TECHNICAL FACT: Major technical change of sufficient magnitude as to
render the Recommendation inaccurate and unacceptable if not
corrected. (Supporting analysis/rationale is essential.)

RECOMMENDED: Change of a nature that would, if incorporated, produce
a marked improvement in document quality and acceptance.

EDITORIAL: Typographical or other factual error needing correction.
(This type of change will be made without feedback to submitter.)

SUPPORTING ANALYSIS:

This recommended practice should not appear limited for a use by the Space Agencies.
Today users of CCSDS cross support concepts include satellite operators and service
providers and the context of the cross supports is not limited to a user / provider
interface with an Agency.

DISPOSITION:

Accept. This is really editorial and the observation is correct. **Consider if we need to make some
statement elsewhere in the doc to this effect.**
