CCSDS Secretariat Document Editor Workload, 2002-2006

Year	Document Releases	Total Pages	Notes
2002	24	3363	– Two full-time editors, one backup editor – Page count is skewed by CCSDS B20.0-Y-2, Proceedings of the CCSDS RF and Modulation Subpanel 1E on Bandwidth-Efficient Modulations—1419 pages
2003	30	1751	– Two full-time editors, one backup editor
2004	note	note	– Two full-time editors, one backup editor through March – Presumably one full-time editor thereafter – It is unclear exactly how many documents were released in 2004, but it appears to be around a dozen at most; many of the releases occurred between January-March
2005	34	2343	– One full-time editor
2006	33	2400	– One full-time editor
