

**Attendees:** David Berry, Dale Force, Alain Lamy, Juan Raymond, Patrick Zimmerman.

Notes	Action
<b>1. Document/Action Item Status</b>	
<p>Most of the Action Items involve documents, so there is intertwined status of documents and their respective action items below. Documents that have a current draft out for review are sorted in priority order based on when the drafts were published; documents for which there is no current draft out for review are sorted in alphabetical order.</p> <p>Some Action Items are not documents, in particular, David had an Action Item to address the problems posting to the moims-nav-exec@mailman.ccsds.org address. The data from the recently conducted test has been provided to the CCSDS Tech Support, and we are waiting for a progress report.</p> <p>Target dates for overdue Action Items assigned to WG members who were not able to attend were arbitrarily assigned to the date of the next WG telecon.</p>	None
a) TDM: David noted (again) that he had only received one set of review comments on the TDM, so there is no new draft. The review action item date was extended two weeks.	a) To All: Complete TDM section reviews as assigned. <b>Review priority is #1.</b>
b) ODM: The ODM P2.30 Pink Book is out for review.	b) To All: Review sections 2, 6, 7, Annex A of the ODM P2.30 Pink Book and provide commentary to Dan. <b>Review priority is #2.</b>
c) NHM: Joe Hashmall was unable to attend the telecon, however, NHM WB12 has been distributed, along with review assignments.	c) To All: Complete review assignments and provide commentary to Joe. <b>Review priority is #3</b>
d) ADM: Alain indicated that he has not had much progress on the ADM Pink Book, but he is planning to produce the document before going on vacation in August. The target date for the action item to produce the Pink Book was left unchanged for now.	d) To Alain: Continue drafting Pink Book.
e) CDM: No new status.	e) None
f) EVM: No new status.	f) None

<b>Notes</b>	<b>Action</b>
<p>g) Green Book: The Green Book volume 1 version 3.9 has been submitted to the Area Director and CCSDS Secretariat. While the Secretariat indicated that the two volume approach was possible, the Area Director suggested waiting to publish until the desired changes in volume 2 (i.e., the current Green Book) could be made. Because this could likely take a while based on recent history, there was a suggestion to publish a second Green Book. For the sake of expediency, and better conforming to our original intent, the two volume approach will be followed. During the telecon we selected a title of "Navigation Data Messages Overview" for the new Green Book; based on other document number assignments, it seems likely that it will be numbered CCSDS 500.2-G-1 (the number 500.1-G-1 is taken by the Delta-DOR Green Book).</p>	<p>g) To David: Submit the title to the AD and Secretariat; inquire whether or not an updated draft is required.</p>
<p>h) NDM/XML: No new status.</p>	<p>h) To David: Initiate drafting Pink Book.</p>
<p>i) PRM: Neither Fran nor Jürgen was able to attend the telecon so this status is from recent emails. There has been a decision to use body names instead of body numbers in the PRM, and Fran is making the requisite updates.</p>	<p>i) To Fran: Proceed with PRM updates.</p>
<p>j) SMM: Karen was unable to attend the telecon so there is no new status.</p>	<p>j) To Karen: Continue with SMM action items</p>
<b>2. Other Discussion</b>	
<ul style="list-style-type: none"> <li>David briefly discussed the Space Ops 2016 Conference which will be held in Daejon, South Korea. Byoung-Sun Lee was not able to participate in the telecon today, but asked that the WG be encouraged to submit abstracts to the conference. In particular, there is a track called "Cross Support, Interoperability, and Standards" that would be very applicable to the affairs and products of the working group.</li> </ul>	<ul style="list-style-type: none"> <li>None</li> </ul>
<b>3. Next Telecon Scheduling</b>	
<ul style="list-style-type: none"> <li>The next telecon will be conducted Wednesday 08-Jul-2015 at 1300 UTC.</li> </ul>	<ul style="list-style-type: none"> <li>To David: Send out meeting invitation and WebEx information.</li> </ul>
