	Recent News Updates	Action
•	David reported that the CCSDS Editor role has been filled (reportedly	None
	by 2 persons), but the orientation/training period is still in progress.	
2.	Document Status	
•	The usual "Document Status" discussion was not conducted given that	None
	the entire agenda was allocated to discussion of the CDM Test Plan.	
٠	CDM: As noted, the focus of this meeting was to review the CDM Test	To All: Commence
	Plan and accept volunteers for the various tests. Brian went over the	preparations for CDM
	material in the test plan, with results as follows:	testing, though we cannot
•	Test 1: Alain to produce a CDM V.2, Patrick to receive	yet officially commence the
٠	Test 2, 3: No confirmed volunteers to date. Jose Miguel indicated he	testing. Some actions are
	would discuss performing a test with NASA/CARA. David to email	listed at left in the
	Alinda Mashiku with cc: to Lauri Newman, Cheryl, Juan. Vitali will	description of the response to the Test Plan.
	check with the ESOC Debris office.	to the Test Flan.
•	Test 4: David to convert test examples used in Tests 1-3 to XML and	
	validate against schema.	
•	Note that given various recent developments with respect to CDM V.2 content, testing cannot yet commence, but we need to prepare in any	
	case. A few modifications to the CDM draft are under discussion.
