**MONTHLY ISSUE: OCTOBER, 2016 (Version of 16 November 2016, directly derived from SECRETARIAT PoW of 4 November 2016 and from ISO CS PoW of 4 November 2016)**

## ISO TC20/SC13 Subcommittee - Space data and information transfer systems

**NOTICE 1:** The ISO TC20/SC13 Subcommittee INTEGRATED PROGRAM OF WORK or, simply, the Subcommittee INTEGRATED PoW, is updated on a monthly basis and is presented as the result of the concatenation of the following two Programs of Work: 1) The ISO TC20/SC13 Subcommittee Secretariat Program of Work, named SECRETARIAT PoW, and; 2) The ISO Central Secretariat Program of Work, named ISO CS PoW.

**NOTICE 2:** Given that ALL the inputs to the Subcommittee INTEGRATED PoW are provided by the SECRETARIAT PoW or by the ISO CS PoW, each content written in the each of the slots of the HEADER of the list of items will be ADDED by one of the following three (3) notations: 1) Header added by the notation (S) that indicates that ALL the column instancing slots associated to the header are originated from the SECRETARIAT PoW; 2) Header added by the notation (I), that indicates that ALL the column instancing slots associated to the header are originated from the ISO CS PoW; 3) Header added by the notation (S), that indicates that ALL the column instancing slots associated to the header originated from the SECRETARIAT PoW or from the ISO CS PoW, therefore, observing the specific colour associated to the PoW (SECRETARIAT or ISO CS) which originated the instance presented in the slot.

**NOTICE 3:** The current and preceding monthly issues of the Subcommittee INTEGRATED PoW can be found in the associated folder of the two Subcommittee Websites, by clicking the following pointers:

**2.1 - Folder of the INTEGRATED PoW's in ISO Linkweb Website of ISO TC20/SC13 Subcommittee.**

**2.2 - Folder of the INTEGRATED PoW's in CCSDS-CWE Website of ISO TC20/SC13 Subcommittee.**

**NOTICE 4:** This publication is being maintained on a monthly basis with support of the local secretariat of the Subcommittee Chairman.

### COLOR CODES:

**EXPLANATION (Attention, please!):** With the use of specific and exclusive colours that are clearly defined in the following lines, the identity of EACH existing line of an item listed in this issue of Program of Work EXCLUSIVELY reflects a SINGLE ORIGIN, be it, from the SECRETARIAT PoW or, from the ISO CS PoW. That is, although some of the slot contents of each of the listed items may be of common meaning for both, SECRETARIAT PoW and ISO CS PoW, each slot content is strictly associated to ONE of these two Programs of Work as justified by the colour of the item that is under consideration over the whole line. Just that.

**WHITE Color** - Used as a white background color in listed items that have already been introduced by the Subcommittee Secretariat in a previous issue of the SECRETARIAT PoW and that are also considered to be under regular processing by ISO CS.

**RED Color** - When used as a slot of the "N" (New Item) column, the red color in background indicates that the listed item is a NEW one; if the slot is marked up in red background with the letter S, means that the New Item NI comes from Subcommittee SECRETARIAT PoW, otherwise, if the slot is marked up in red background, with the letter I, means that the New Item NI comes from ISO CS PoW.

**YELLOW Color** - When the yellow background color is used it indicates that the listed item was provided by the Subcommittee SECRETARIAT PoW. In this case, the associated "Next Action/Date" (S) column slot presents red color in background and contains a written reminder to the Subcommittee Secretariat of the limit date for submission of the corresponding document to ISO CS.

**GREEN Color** - When the green background color is used it indicates that the listed item was provided by the Subcommittee SECRETARIAT PoW. In this case, the associated "Next Action/Date" (S) column slot presents red color in background and contains a written reminder to the Subcommittee Secretariat of the date when the status of the submission of the corresponding document has to be checked-out with ISO CS.

**GREY Color** - The grey background color is used in listed items that are also presented in the SC13 PoW that is maintained by ISO in its ISO CS PoW, in ISO Linkweb Portal.

### LEGEND:
